

Dear Bride- and Groom-to-be,

I receive many requests from non-members of Grace to do weddings. I cannot accommodate all of those requests. With that in mind, I need to let you know the requests I will be inclined to say yes to:

Couples that want more than a "beautiful sanctuary" to be married in.

I am a Christian Pastor. Your asking me to be involved in your wedding means, asking God and His Son Jesus Christ to be involved in your wedding and life. If you are not a Christian, I would love to work with you to prepare you not only for your wedding day but for eternity as well. As I do so, I will be helping you see how belonging to a local church needs to be a part of your life together. We would love to have you become members of Grace, but that is not a specific requirement.

Couples who are willing to meet with me for at least 5 one-hour sessions to, not only plan the wedding, but also to allow me to do pre-marital counseling.

In the pre-marital counseling, I ask the couple to independently answer 195 questions covering a whole spectrum of relationship topics. We then talk about the answers as they relate to couple strengths and areas for growth. Our discussions together are intended to help you see the importance of couple communication and problem resolution throughout all the days of your life together. The counseling is confidential and there is a \$35 fee paid to the Life Innovations, Inc. of Minneapolis, MN.

If you are comfortable with the above requirements, I would be interested in working with you to prepare you for a life together.

Your Servant in Christ,
Pastor Ed Morrow
